

T33RC Instructions

MODEL #
T33RC

RETRACTABLE

CABLE LOCK

- **Set Your Own Personal Combination.**
- **Great For Sporting Goods, Jackets/Apparel, Helmets, Back Packs, Brief Cases & More!**

To Use Lock:

1. Adjust cable length in or out by pressing the Cable Trigger.
2. Run cable through items to be locked, then insert Cable Head into Locking Port until you hear a "click". Then scramble the combo dial.

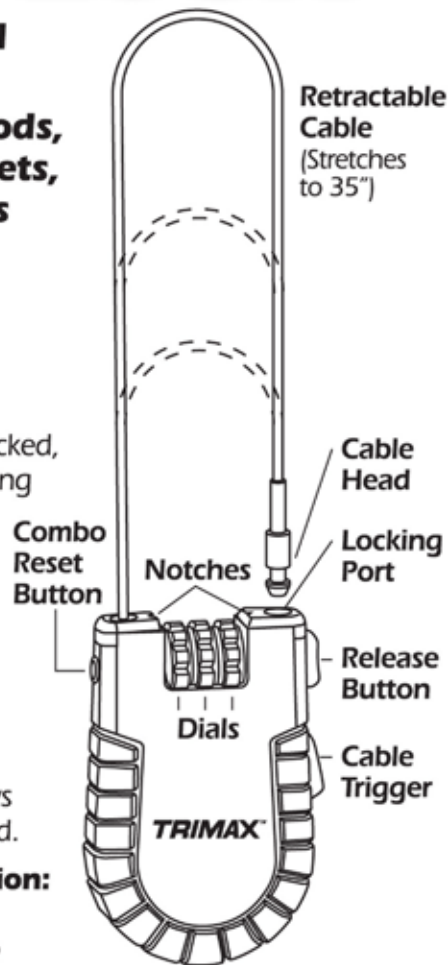

To Open:

1. Line up your personal combo with notches on top of lock.
2. Press release button.

CAUTION: The cable return mechanism is spring loaded – always hold cable to avoid possible rebound.

To Set Your Personal Combination:

Simply press and hold combo reset button, next lineup personal combo with notches, finally release combo reset button. **Your combination is set!**
